Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

Read more about Early Journal Content at http://about.jstor.org/participate-jstor/individuals/early-journal-content.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

CRESSON, E. T.

Notes on the species belonging to the subfamily Ichneumonides found in America North of Mexico. - - 129

EDWARDS, WILLIAM H.

Catalogue of the Diurnal Lepidoptera of America North of Mexico. - - - - - - - - - - 1

HORN, GEORGE H., M. D.

Synopsis of the genera and species of the Staphylinide tribe Tachyporini of the United States. - - - 81

LECONTE, JOHN L. M. D.

On certain genera of Staphylinidæ Oxytelini, Piestidæ, and Micropeplidæ, as represented in the fauna of the United States. - - - - - - - - - 213

MCCOOK, REV. HENRY C.

Mound-making Ants of the Alleghenies, their Architecture and Habits. - - - - - - - - - 253

SCUDDER, SAMUEL H.

On the Classification of Butterflies, with special reference to the position of the Equites or Swallow-tails. - 69

# INDEX.

The names of new genera and of new species are followed by the name of the Author.
